

4.3-10 Female RF Connector

4.3-10 type female connector, low PIM design.

4.3-10 Female | 50Ω | 50Ω RF Connectors & Adapters

Custom lengths, connectors and pre-assembled jumpers are available. Send us your specification for a quotation.

SPECIFICATION

Model	4.3-10 Female
Impedance	50Ω
Category	50Ω RF Connectors & Adapters
Options	Custom length, connectors and pre-assembled assemblies

Product description

Introducing the 4310-Type Female RF Connector, a sophisticated component designed for the precise reception of radio frequency signals in high-performance communication systems. This connector is a testament to the meticulous engineering required for the next generation of signal interfacing.
